Silver K is one of the few sailing yachts in the 32-50m range, which offers a full sun deck with dining area, sun-beds, lounge, cocking panel and helm position. Her LED Lighting is one of the most interesting features. Used abundantly throughout the ship, in the most modern style of LED lighting, and with all sorts of lively colours, this feature gives both a cool affect as well as useful light and make the yacht glow in dark attracting attention wherever it is moored givin her a prestigious place in the minds of all lucky enough to see her.
